Dear Dr. Hjelmslev:

I am enclosing a copy of my manuscript on the
Priority of Valence Over Phonological Attachment
and Relative Order in Descriptive Statements. I
trust that you may find it interesting. I shall be
happy to have any comments or criticisms which you
may have on it.

I trust that you will greatly enjoy the re-
mainder of your stay in this country and hope that
it may be possible for me to have the privilege of
meeting you again sometime.

Very sincerely yours,

R. S. Pittman
