Professor Louis Hjelmslev
Ordruphøjvej 40
Charlottenlund, Denmark

Dear Professor Hjelmslev:

I should like to thank you personally, and through you the members of the Cercle Linguistique, for the wonderful reception I had in Denmark. I made many friends, I think, and hope my visit will lead to concrete exchanges of ideas as well as personnel, between our respective countries.

Our Uralic program, with Collinder as visiting professor, got off to a fine start, though I must say we are a bit overwhelmed by the enormous student demand for linguistics here this year.

Next summer I plan to return to Europe, specifically to Hungary, though I should like to pass through Denmark again if possible, since the linguistic atmosphere is so stimulating there.

By the way, Hakulinen wrote to me about your visit to Finland, and I am very curious to get your impressions. Did you happen to meet Lauri Posti? We are considering inviting him here for 1948-49. How did Finnish linguistics strike you?

Could you please do me a favor: please send me the private address of Professor Grønbech, which I seem to have mislaid somehow after I had the Turkish book sent to him by the publisher. I should like to write to him too.

Lots has arrived in New York, and is due for a visit here quite soon.

Please give me hommages to Mrs. Hjelmslev, my greetings to my Danish friends. With the best personal wishes,

Sincerely yours,

Thomas A. Sebeok
