## the song of the lonesome warrior

- *man*  
is the one action -  
- *man*  
is the only real -  
- *man*  
is the world to come -

the earth  
must be loved by *men* -  
the wretched parts  
of the futile will to be men  
is stabbing  
the patient heart of the earth,  
crying :  
"behold, we  
have subdued this lazy servant -,  
soon she will love us -"

soon she will die -  
the last of her voice  
are the remnants of man -  
the earth  
must be loved by *men* -,  
not by waiters,  
and buyers  
and sellers -  
no part can love -,  
- only *man* can love -  
- you mourning remnants,  
- awake -!

the reign of the seekers  
is finished -  
- *man*  
is the only real -  
- *man*  
is the world to come -
