Dear Eli,

. I just heard a few days ago from Vicki Fromkin that I am being offered the job at UCLA. Of course I am taking it, and so will not contribute to increasing the US unemployment rate after all. I'd like to thank you very much for taking the time to write a letter of recommendation for me. I know how many of those things have to be done every year at about the same time, and really appreciate your doing it for me. I'm really looking forward to UCLA, where I think I'll be able to do practically everything I could want to. Suzan also sends her greetings. Thanks again, and I hope we see you in Leeds.
